

## **R+B Sten-Tel Announces a Strategic Partnership with Proven Backup**

R+B Sten-Tel and Proven Backup announce a new strategic partnership. Proven Backup is a White Plains, NY based IT company offering online backup service to clients across the country. R+B Sten-Tel will add the backup service to their offerings as part of an overall effort to provide clients with a comprehensive suite of solutions.

According to Peter Minio, Director of Business Development, “this compliments our current offerings very well.” He believes that many medical practices, law firms and other businesses do not appropriately backup their data effectively. Mr. Minio said, “as more businesses go electronic, our job is to explain how their current backup processes put them at risk and offer a solution which securely and effectively protects their data from potentially harmful events.”

To learn more about Proven Backup and how this secure, online system works, contact R+B Sten-Tel at 888-744-4479 or email [rbinfo1@rbsten-tel.com](mailto:rbinfo1@rbsten-tel.com).
